

THESE TEXTS ARE USED EXCLUSIVELY FOR ADVISORY PURPOSES.  
THE MAIN PRICE LIST OF THE SOFTWARE IS INCLUDED BY DEFAULT IN ANY NEW PROJECT.  
FROM THIS LIST, THE USER CAN FORM IN-HOUSE PRICE LISTS WHOSE PRICES ARE ADJUSTABLE BY HIMSELF

- **SEARCH PRICE LIST:**

Click on the "DATASHEET" tab on the software home page to access and manage the software's price lists.

- **MASTER PRICE LIST :**

This software price list is included by default in any new project registered on the site. A daily internal software update allows all active projects using this price list to display at current market prices.

- **HOUSE PRICE LIST :**

To obtain a house price list, activate the "PRICE LIST" cell then select a price list from the software's scroll arrow and copy it by renaming it, while adjusting the prices assigning into a new project.

- **SUPPLIER PRICE LIST:**

The price list of a products category of a supplier sent to its customer by internet transfers these prices directly into the house price list of the customer's project.

Any other product category price lists accepted by a customer automatically transfer to their house price list and replace all previous prices for that product category.
